### Education

Epicode  
Front-end Bootcamp

### Key skills

HTML, CSS, JavaScript,  
Typescript, React, REDUX, Git,  
Bootstrap, Tailwind, Figma

### Languages

Portuguese: Native  
English: Professional Proficiency  
Spanish: Entry level

### Objective

I have enhanced my personal and professional skills through a variety of work experiences and decided to join a bootcamp, which gave me the hard skills necessary for a developer role, combined with the soft skills that I learned in my previous jobs. I am now seeking my first position as a Front-end Developer. You can check my portfolio here: [simonebackes.com](https://simonebackes.com)

### Experience

*April 2021 to April 2022*  
Retail Assistant • Primark

I worked on registers, closing sales, receiving payments, and processing spot checks. Additionally, I was responsible for maintaining a high standard of customer experience by keeping the department organized and tidy.

*October 2018 to August 2020*  
Cashier • Iguasse Falls

I worked at a photography store where I interacted with tourists, welcomed them and assisted them with their needs. My responsibilities included receiving orders for prints, ensuring the quality of the photos, operating printers, and handling payments at the till. In addition, I was responsible for maintaining a clean and organized store, providing excellent customer service, and answering any questions that customers had about our products and services.

*April 2016 to September 2018*  
Receptionist • Zeppelin Old Bar

I worked in a hospitality role where my duties included managing reception and handling reservations for guests. I was responsible for providing excellent customer service to guests, assisting them, and ensuring their satisfaction. I also maintained the cleanliness and organization of the reception area and communicated with other staff to coordinate guest needs.
