PERSONAL PROFILE

I am a reliable and focused individual who has enhanced my personal and professional skills through a variety of work experiences. As a self-taught student, I am constantly eager to learn and acquire a deeper understanding of subjects that will prepare me for industries such as front-end technologies and programming logic with JavaScript. I have also helped colleagues and acquaintances on personal projects from the perspective of a developer throughout the years.

EDUCATION

Front-end Bootcamp at EPICODE - 2023

TECHNICAL SKILLS

HTML, CSS, JavaScript, Typescript, React, REDUX, Git, Bootstrap and Tailwind

Intermediate knowledge of Photoshop, Illustrator, and Figma
