Hard skills

HTML, CSS, JavaScript, Typescript, React, REDUX, Git, Bootstrap, Tailwind, Figma

Languages

Portuguese: Native
English: Professional Proficiency
Spanish: Entry level

Objective

I have enhanced my personal and professional skills through a variety of work experiences and decided to join a bootcamp, which gave me the hard skills necessary for a developer role, combined with the soft skills that I learned in my previous jobs. I am now seeking my first position as a Front-end Developer.

Education

Frontend Intensive Bootcamp at Epicode

• Completed a rigorous, hands-on curriculum with a focus on real-world projects and practical skills development
• Gained proficiency in HTML, CSS, JavaScript, React, Bootstrap, and Git
• Worked on multiple real-world projects, including a responsive e-commerce website and a social media platform using React and Redux
• Collaborated with classmates and instructors to troubleshoot problems and find innovative solutions
• Received personalized feedback and guidance from experienced industry professionals throughout the program

Experience

April 2021 to April 2022 - Retail Assistant • Primark
I worked on registers, closing sales, and receiving payments. Additionally, I was responsible for maintaining a high standard of customer experience by keeping the department organized and tidy.

October 2018 to August 2020 - Cashier • Iguasse Falls
I worked at a photography store where I interacted with tourists, welcomed them and assisted them with their needs. My responsibilities included receiving orders for prints, ensuring the quality of the photos, operating printers, and handling payments at the till.

April 2016 to September 2018 - Receptionist • Zeppelin Old Bar
I worked in a hospitality role where my duties included managing reception and handling reservations for guests. I was responsible for providing excellent customer service to guests.
